The Village At Tradition... Your New Hometown on the Mississippi Gulf Coast

This is a story-book neighborhood with charming homes featuring classic Southern architectural style. Front porches and sidewalks invite you to know your neighbors and enjoy the friendship and fun of living in a community with personality that is a rare find today. This active neighborhood is surrounded by a natural environment preserving native flora and fauna and the gently rolling terrain. In addition, residents can take advantage of the tranquil lake, community center, and the YMCA with its beautiful pool.
